Dear Alderman Reilly,

I am writing on behalf of the North Dearborn Association to inform you that the Association supports and sincerely appreciates your efforts to increase the number of police officers in the 42nd Ward, particularly in light of recent “flash mob” attacks in our community. As you know, some residents’ sense of safety and security walking in the neighborhood at night and at the lakefront has been shaken.

We are closely monitoring this issue and will continue to support your efforts to deter future attacks through a heightened police activity in the area.

Kind regards,

Michele O’Reilly Studl
President, North Dearborn Association
